Experience

Connect With - Intern
Dehradun, India
09/07/2024-08/08/2024
During my internship at CONNECT WITH, I gained hands-on experience in website designing using WordPress. Over this internship, I collaborated with a team of developers and designers to create functional, user-friendly websites tailored to client needs. My primary responsibilities included installing and customizing WordPress themes, setting up essential plugins, and ensuring responsive design across different devices.
I worked closely with senior developers to enhance the user experience by optimizing page layouts, improving navigation, and integrating multimedia elements. Additionally, I learned how to manage content, implement SEO best practices, and perform basic troubleshooting tasks.

The Entrepreneurship Development Cell IIT Delhi - Intern
Delhi, India
10/12/2023-10/02/2024
During my internship at The Entrepreneurship Development Cell of IIT Delhi, I become a part of the worldwide student community and interact with several like- minded people. As a Campus Ambassador, I developed a range of skills that are highly valuable in professional settings. I honed my abilities in communication and public speaking by representing my organization at various campus events and engaging with a diverse audience. My role involved promoting events, which strengthened my project management and event coordination skills.

CodSoft-Intern
15/08/2023-15/09/2023
During this virtual internship at CodSoft, I gained hands-on experience in web development, working with a collaborative team to design, develop, and deploy Web-based solutions for real-world projects. I contributed to building and enhancing user interfaces using HTML, CSS, and JavaScript, and leveraged frameworks like React for more dynamic applications

Raysteeed Infotech Private Limited Company Dehradun - Intern
Dehradun, India
10/07/2023- 10/09/2023
During my internship at RAYSTEEEDS INFPTECH PVT LTD, I had the opportunity to work as a Software Engineer Intern, gaining hands-on experience in designing and developing responsive web applications. My primary focus was on utilizing modern technologies like HTML, CSS, Bootstrap, and React to create dynamic and user- friendly interfaces. I used HTML for structuring web content, CSS and Bootstrap to ensure responsive designs and optimize layouts across devices. My work with React allowed me to build reusable components, manage state effectively, and contribute to the development of interactive Ul elements.
